

The Mendip Hills – 8 Wild Walks

- Explore the Mendip Hills – an Area of Outstanding Natural Beauty
- 8 Themed Walks, each with fascinating background information
- Clear, easy-to-follow route descriptions for each Wild Walk
- Additional information on wildlife and wild flowers

The walks, devised by local landscape ecologist Adrian Boots, range from just over 2 miles (4km) to just over 7 miles (12km) take you through a wide variety of landscape types in the Mendip Hills AONB including steep scarp slopes with impressive views across the Levels, windswept plateau criss-crossed with dry stone walls, valley village to lakeside and all with the opportunity to see a variety of wildlife that will change according to the seasons. The guide also includes fascinating facts on plants and wildlife and where to look out for them.
